#### Cilji in kompetence:

Učna enota prispeva predvsem k razvoju naslednjih splošnih in specifičnih kompetenc:

- upoštevanje globalne in nacionalne relevantne zdravstvene in socialne zakonodaje v prizadevanjih za kakovost življenja pacienta,
- učinkovito odzivanje na potrebe pacientov, posameznika in skupnosti,
- vsestransko in sistematično prilaganje obravnave pacienta glede na želje, potrebe, možnosti in druge individualne okoliščine pacienta za opolnomočenje / krepitev moči in

#### Objectives and competences:

The learning unit mainly contributes to the development of the following general and specific competences:

- compliance with the relevant global and national health and social legislation efforts for the quality of life of the patient,
- respond effectively to the needs of the patient, the individual and the community,
- a comprehensive and systematic adjustment of patient treatment according to the wishes, needs, options

<p>kakovost življenja pacienta s psihosocialno, zaposlitveno rehabilitacijo, socialno vključenostjo, prostovoljskimi dejavnostmi in prostočasovnimi aktivnostmi,</p> <ul style="list-style-type: none"> <li>• prepoznavanje potreb pacientov po dodatni specialistični obravnavi in svetovanje,</li> <li>• medpoklicno sodelovanje pri izvajanju integrirane in kontinuirane oskrbe na področju skrbi za zdravje, kakovost življenja in dobro počutje pacientov v instituciji ali na domu,</li> <li>• upoštevanje kompetenc in pristojnosti sodelujočih v integrirani in koordinirani zdravstveno socialni oskrbi,</li> <li>• promoviranje zagotavljanja kakovosti življenja in dobrega počutja pacienta v zdravstveni in socialni oskrbi,</li> <li>• zagotavljanje, spremljanje, načrtovanje in sprejemanje ukrepov za izboljševanje kakovosti obravnave,</li> <li>• varovanje pacientovega dostojanstva, zasebnosti in zaupnosti ter varnost podatkov,</li> <li>• poznavanje in razumevanje skupnostne skrbi za osebe z motnjami v duševnem zdravju.</li> </ul>	<p>and other individual circumstances of the patient empowerment / empowerment and quality of life of patients with psychosocial, vocational rehabilitation, social inclusion, voluntary activities and leisure activities,</p> <ul style="list-style-type: none"> <li>• identifying the needs of the patient for further specialist treatment and counseling,</li> <li>• interprofessional collaboration in the implementation of an integrated and continuous care in the field of health care, quality of life and well-being of patients in institutions or at home,</li> <li>• consideration of competences and responsibilities of participants in the integrated and coordinated health social care,</li> <li>• promote the provision of quality of life and well-being of the patient in health and social care,</li> <li>• ensuring the monitoring, planning and taking measures to improve the quality of treatment,</li> <li>• protect the patient's dignity, privacy and confidentiality and security of data, knowledge and understanding of community care for people with mental health problems.</li> </ul>
---	---

### Predvideni študijski rezultati:

#### Študent/studentka:

- Pozna zakonodajo na področju duševnega zdravja.
- Razume različne potrebe pacientov in jih zna oceniti ter nanje odgovarja v skladu z oceno.
- Razume koncept krepitve moči in izvaja usklajene ukrepe za doseganje...
- Razvije sposobnost za sodelovanje s pacienti in svojci ter strokovnimi delavci različnih strok...
- Se usposobi za oceno kakovosti življenja, kritično presojo terapevtskih ukrepov s stališča pacienta, analizo delovanja na podlagi varovanja pravic, predvidevanje

### Intended learning outcomes:

#### Students:

- Know international and local mental health legislation.
- Recognise the importance for recognition of personal and professional differences, needs assessment and needs led planning.
- Recognize empowerment and acts accordingly...
- Develop skills for an ethical relationship establishment with the various people involved in the treatment,
- Is competent to assess quality of life, critical assessment of therapeutic measures from patients' standpoint,

ukrepov in posledic svojega in integriranega delovanja.	<ul style="list-style-type: none"> <li>Is able to analyse human rights actions and is able to predict consequences of treatment and prevention measures.</li> </ul>
